

Seidio Announces Lineup of Cases for the HTC One M9

HOUSTON - April 10, 2015 - [Seidio](#) is committed to protecting the new HTC One M9 against every day wear-and-tear with its variety of cases and screen protectors. From the redesigned, slim SURFACE to the extra-layer of security and privacy provided by the LEDGER, every smartphone user will be able to find a Seidio accessory that best fits their needs.

DILEX Pro (\$34.95)

- Designed with two interlocking layers for slightly more protection than the SURFACE
- Interior Hexguard technology for extra protection
- Adds only 2.2mm to the device's profile
- Available now

SURFACE (\$29.95)

- Interior TPU layer with Hexguard technology for added protection and shock absorption
- Exterior Polycarbonate layer protects against scratches while maintaining a slim profile
- Features unique slide-in design and precision cut-outs for easy access to all ports
- Available in late April

TETRA Pro (\$39.95)

- Precision CNC-machined aluminum bumper and shock absorbent TPU case provide superior drop and scratch protection

- Added protection at the corners, and beveled edges list device from surfaces
- Offers a minimalistic look with easy installation that doesn't require tools
- Available in mid/late April

LEDGER (\$34.95)

- Italian Polyurethane flip cover protects the screen and adds a layer of privacy for the user
- Offers swivel backing to prop your device up in vertical or horizontal orientations
- An interior card slot is used for storing a license or credit card
- Available in mid/late April

Additionally, Seidio is currently offering its Ultimate Screen Protector and Spring-Clip Holster designed for users who want a carrying solution for a non-cased device at www.seidioonline.com. Seidio will also be offering a tempered glass screen protector, VITREO, which will be available in mid-April.

About Seidio, Inc.

Founded in 2002 and based out of Houston, Seidio is a leading manufacturer of premium mobile technology accessories designed for the mobile professional. Seidio precisely designs its products to work seamlessly with the mobile device and with each other.
