

Seidio is Now Offering its OBEX[®] Waterproof Case for the Apple iPhone 6 Plus

Seidio incorporated its innovative new technology, Hexguard, into the OBEX for added impact protection

HOUSTON – December 23, 2014 – Seidio, a leader in professional mobile accessories, announces the availability of the OBEX for Apple iPhone 6 Plus. The most extreme case in the company's collection, the OBEX is developed to defend against water, snow, dirt, dust, and drops. In this version, Seidio incorporated its Hexguard technology, a honey-comb shaped pattern on the thermoplastic urethane back interior, for added shock and impact absorption for a truly durable case.

Whether you're an outdoor enthusiast or an extreme sportsman, the OBEX keeps the iPhone 6 Plus safe and dry against multiple elements. It is waterproof, and can survive complete submersion in 6.6 feet of liquid for 30 minutes. The OBEX is also military-tested to withstand drops up to six feet so the user can feel confident on the trails or any rough landscape.

The tightly sealed barriers of the OBEX keep dust and dirt from damaging the device, and it also safeguards against temperature shocks. Despite the heavy-duty protection, the user can enjoy full functionality of the smartphone as the integrated rubber flaps that protect the audio and charging ports can easily be removed. Additionally, Seidio's patent pending sound tunneling technology permits waterproof membranes to block water, but still allows sound to travel through for clear audio.

The most delicate part of the iPhone 6 Plus is the screen, and Seidio's integrated screen protector is the ultimate barrier against daily wear-and-tear. A 4H hardness rating means that it will shield against scratches, yet it maintains full touch sensitivity.

Finally, users can choose to use the OBEX with an optional holster with an integrated locking mechanism to secure device in place. It also features a removable belt-clip that can also be used with Seidio's QUEST™ Mounting System, which includes an Armband, Bike Mount, and Car Mount.

The OBEX for iPhone 6 Plus is available now in Black with Gray and White with Gray for \$89.95 (\$99.95 Combo with holster) at www.seidioonline.com. It will also be available in Pink with Gray and Yellow with Gray starting on December 30th.

The OBEX is also available for the Apple iPhone 6, Samsung Galaxy Note 3, and Galaxy S4.

The OBEX and the rest of Seidio's 2015 collection will be on display during the 2015 International Consumer Electronics Show, North Hall, Booth #4706, in Las Vegas. Please respond with a request for a one-on-one meeting with a Seidio representative.

About Seidio, Inc.

Founded in 2002 and based out of Houston, Seidio is a leading manufacturer of premium mobile technology accessories designed for the mobile professional. Seidio precisely designs its products to work seamlessly with the mobile device and with each other. This innovative engineering sets Seidio apart from its competitors and allows mobile professionals to use their devices with confidence, wherever their day takes them.
