

Seidio Showcases its Collection for the New Apple iPhone 6

Collection for the iPhone 6 4.7" includes Seidio's signature accessories plus the brand new TETRA

HOUSTON – September 9, 2014 – Seidio is excited to reveal its line of accessories for one of the most highly anticipated smartphones this year: the Apple iPhone 6. The longtime professional mobile accessories manufacturer reveals cases that vary in color, style, and level of protection.

TETRA (*pictured above middle*): a case that follows Apple's minimalist design. The TETRA is a lightweight metal bumper case comprised of a TPU frame that slips around the perimeter of the iPhone 6. An anodized aluminum bezel snaps into place keeping the edges and corners well protected. The bumper also raises the camera away from a flat surface to keep your lens safe. It will be available for [\\$29.95](#) in four colors: Black, Silver, Gold, and Red.

SURFACE with Metal Kickstand (*pictured above left*): dresses up the iPhone 6 with elegance while adding protection against daily wear-and-tear. It's the slimmest case in this collection and boasts Seidio's signature soft-touch finish. The SURFACE is available now in seven colors from refined and understated to bright and bold. It retails for [\\$34.95/\\$54.95 \(combo\)](#).

DILEX Pro with Metal Kickstand (*pictured above right*): adds more protection to the iPhone 6 because of its two interlocking layers. The case absorbs shock, and features a tough, new material, TPU, for extra defense. A honeycomb pattern on the inside of the case, called Hexguard™ technology, holds up against repeated bumps, drops, or fumbles. It will be available in eight colors for [\\$34.95/\\$54.95 \(combo\)](#).

CONVERT with Metal Kickstand: a rugged case that protects the device to the max. It's two-cases-in-one that combines the SURFACE with Metal Kickstand plus a shock-absorbing TPU and a precision fit skeleton which is why it has passed a military test for durability. Take the iPhone 6 and CONVERT into extreme environments with complete peace of mind. It will retail for [\\$54.95 \(combo\)](#).

LEDGER: an Italian polyurethane flip case that protects the front and back of the iPhone 6 while providing extra privacy. It also features an interior slot for a credit card, business card, ID, or cash. It retails for [\\$39.95](#).

CAPSA TouchView: all-around protection for the iPhone 6, the CAPSA is a case with integrated screen protection. Simply place the device into the case and snap the screen door shut. The CAPSA retails for [\\$39.95/\\$49.95 \(combo\)](#), and comes in three colors: Black, Garnet Red, and Royal Blue.

VITREO: a shatterproof tempered glass screen protector with a 9H hardness rating. It allows for the same convenience and functionality as if using a naked screen, yet safeguards against big impacts and scratches. It retails for [\\$39.95](#).
